

Dear Santa

Thank you for putting so many amazing presents under the Christmas tree for me. I'm going to have a lot of fun playing with the painting set. I'll paint a picture of the North Pole and send it to you. Also thank you for bringing my little sister everything she wanted - she's so happy!

I hope you, the reindeer and the elves can have a lovely rest now.

I'm going to be a good girl all year so I can see you again next Christmas.

Love from,
