

Wishing you a merry Christmas from the North Pole!

Dear _____

It's an exciting and special time of year.

At the North Pole, everyone is busy getting ready for Christmas. With her hot chocolate, Mrs. Claus has been keeping everyone in a good mood. I'm so glad to see your name on the Nice List! You've been an incredibly good girl this year.

For each child on my Nice List I have a sleigh filled with toys. Rudolph especially can't wait to see you. Make sure to leave a treat out for the reindeer, as they work up an appetite during our long journey.

Merry Christmas! Keep it up!

Santa Claus
