

Santa's Little Helpers on a Mission

Prepared by KCCNJ.com

Characters:

Elf 1 (Jingle): The enthusiastic leader, always optimistic.

Elf 2 (Tinsel): The clumsy one, often tripping over things.

Elf 3 (Sprinkle): The overthinker, always worried about the details.

Elf 4 (Blinky): The jokester, loves to make everyone laugh.

Santa: The wise and jolly figure who oversees the mission.

Setting:

A colorful workshop filled with toys, candy canes, and Christmas decorations. There's a large table covered in wrapping paper, ribbons, and various toys in various states of completion.

Scene 1: The Mission Briefing

(The elves gather around Santa at the front of the workshop.)

Santa: Ho ho ho! Alright, my little helpers! This year, we have a special mission! We need to deliver presents to the children of the world.

Jingle: (excitedly) We can do it, Santa! What's the plan?

Sprinkle: (nervously) But what if we forget something? What if we get lost? What if—

Blinky: (interrupting) What if we end up in a snowball fight with penguins?

(Everyone laughs.)

Santa: (smiling) Focus, team! You'll need to wrap these presents and load them onto the sleigh.

(The elves nod enthusiastically.)

Scene 2: Wrapping Presents

(The elves rush to the table, grabbing presents and wrapping supplies.)

Tinsel: (tripping over a roll of wrapping paper) Whoa!

(Tinsel falls into a pile of presents, sending them flying everywhere.)

Jingle: (laughing) Tinsel! You're supposed to wrap them, not unwrap them!

Sprinkle: (holding a pair of scissors awkwardly) Wait! How do you wrap this one? It's shaped like a...uh...a banana?

Blinky: (grinning) Just tell it it's going to be a great Christmas!

(The elves burst into laughter as Sprinkle tries to wrap the banana with glittery paper.)

Scene 3: Loading the Sleigh

(After wrapping, they move to load the sleigh. Tinsel is still stumbling around.)

Jingle: Okay team! Let's lift these presents onto the sleigh!

(They all try to lift a giant present together but struggle.)

Sprinkle: (sweating) I think it's too heavy!

Blinky: Or maybe we're just too small!

(Suddenly, Tinsel trips again and falls into the sleigh, causing it to rock back and forth.)

Jingle: Tinsel! You're supposed to help, not be part of the cargo!

(Tinsel pops up with a goofy grin.)

Scene 4: The Final Countdown

(With all presents finally loaded, the elves gather around Santa for final instructions.)

Santa: Great job, team! Now remember—

(Suddenly, Tinsel sneezes loudly.)

Tinsel: A-choo!

(The sleigh shakes again as Tinsel accidentally pulls a lever. The sleigh starts moving slowly forward.)

Jingle: Whoa! We're taking off without Santa!

(The elves scramble to stop the sleigh while Blinky is laughing uncontrollably.)

Scene 5: The Big Finish

(As they finally manage to stop the sleigh just in time, Santa chuckles.)

Santa: Ho ho ho! Looks like my little helpers are ready for an adventure after all!

(The elves cheer and high-five each other.)

Sprinkle: Next time, let's just stick to making cookies!

Blinky: Only if we can add sprinkles!

(They all laugh as Santa nods approvingly.)

Conclusion

(As they gather around Santa for a group hug, festive music plays in the background.)

Santa: Remember, it's not about how perfectly you do things; it's about having fun and spreading joy.

(The elves cheer again as they prepare for their next mission—making cookies!)

Curtains close with laughter echoing in the workshop. This skit is designed to be light-hearted and fun for kids while emphasizing teamwork and the spirit of Christmas. Enjoy performing it!
